Click on the offline activation Button

Update Alert

Version V5000 4.0.0 Replaces V3.1.1 View Change Log

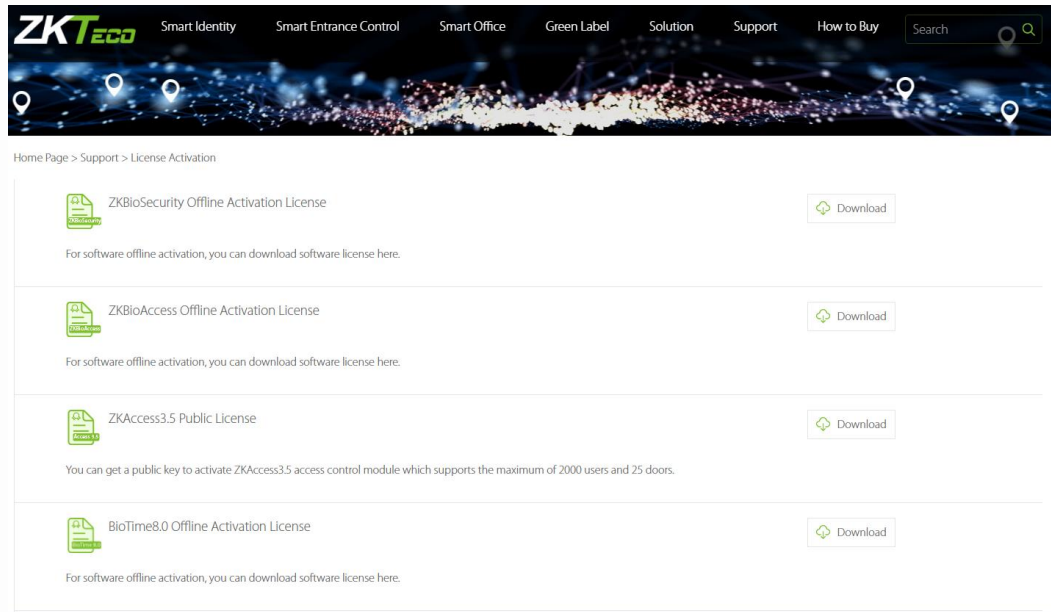

ZKBioSecurity V5000 4.0.0 : ZKBioSecurity is the ultimate "All-in-One" web-based security platform developed by ZKTeco. It contains multiple integrated modules: access control, time & attendance, consumption management, elevator control, visitor management, parking, guard patrol, entrance control, FaceKiosk, and intelligent facial recognition camera management, video(VMS), mask, and temperature detection module and other smart sub-systems. All of the sub-systems support both single-unit deployment and multi-module.
