

## ZKBiosecurity - Add admin on Device

Following are steps to take when you add a Personnel.

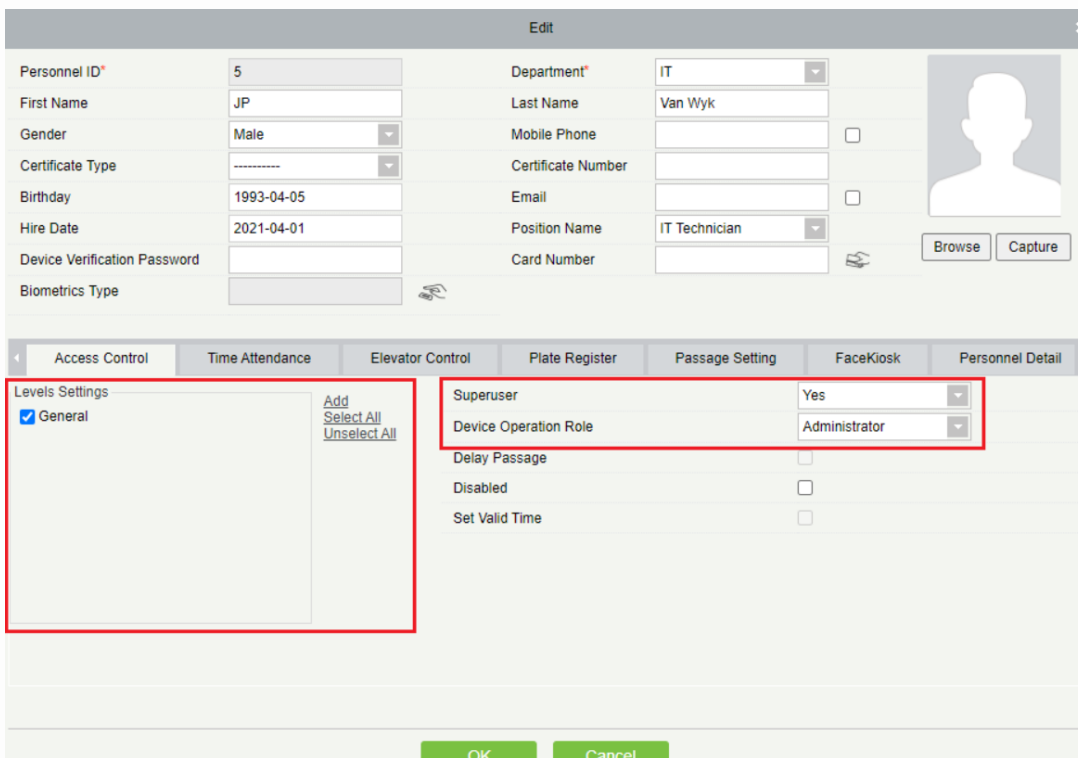

Personnel > Personnel > Person

Select a user by ticking the tick box.

Select Edit

Add all the access levels in for the user and give the user device Operation Role and if needed the Superuser.

**Superuser:** A superuser is not restricted by the regulations on time zones, anti-passback, and interlock and has extremely high door-opening priority.

**Device Operation Authority:** Select administrator to get its levels.

Select OK.
